

Classification Review of Patent Application

Docket Number:	IL-10507 S92,950
Unclassified Title: (U)	"Parasitic Oscillation Suppression in Solid State Lasers using Optical Coatings"
Inventors:	Eric C. Honea and Raymond J. Beach

Authorized Derivative Classifier Determination

- ☒ **Unclassified**
☐ Unclassified, but Controlled
☐ UONI Other: _____
☐ UONI Reviewing Official Determination is required
☐ **Classified - Level and Category**

Specify Authority (Guide/Topics): C6-ICF-5/1302

If NSI, Review/Declassify on (Date or Event): _____

Additional markings Required: _____

Weapon Data - Sigma(s): _____

Other: _____

ADC Name: ROY R. JOHNSONADC Title: ICF PROG. CLASS. MGRADC Signature: [Signature]

Date: _____

UCNI Reviewing Official Determination (If requested)

- ☐ The application does *not* contain UCNI.
☐ The application *may* contain UCNI.
☐ The application *does* contain UCNI.

Reviewing Official Signature: _____

Date _____

Classification Office Confirming Review

- ☒ The ADC's determination is correct.
☐ The Inventor's determination is correct.

The correct classification is: _____

Reviewing Official Signature: [Signature]

Date _____
